BS7201-N

Battery pack for wireless outdoor siren RF-7220-07-1

General

The BS7201-N is the spare battery pack specially designed for the outdoor wireless siren RF-7220-07-1. This high energy Li-MnO2 battery pack consists of four cells inside a safe nickel-plated steel container. Its 3-wire cable connector allows to replace a battery hassle-free.

High quality

The BS7201-N is designed to meet all major quality, safety and environmental standards and is manufactured in Europe.

Details

- Long life-time & high capacity battery pack
- Short-circuit prevention
- Charge protection
- Operating temperature from -40°C to 72°C

BS7201-N

Battery pack for wireless outdoor siren RF-7220-07-1

Technical specifications

General

Accessory group	Siren
Type	Spare part

Electrical

Power consumption	12.5 Ah
Operating voltage	12.0 V (nominal)
Battery capacity	1.2 A maximum

Physical

Physical dimensions	95 x 69 x 66 mm
Net weight	500 g

Environmental

Operating temperature	-40 to +72 °C
Storage temperature	-55 to +85 °C +35 °C (max. recommended)

Regulatory

Compliancy	CE, RoHS 2, WEEE
Standards	UN 3090 Class 9
