FD-MBP1

Ceiling mount prism bracket - white (1140-000)

Application

A ceiling mount pendant mounting bracket for reflective detector heads. The ceiling mounting bracket has a 300 mm (12 inch) pendant which can be used to mount a reflective detector head for Fireray One. The detector mounting bracket comes pre-drilled for mounting a single detector. Two detectors can be mounted in a back to back configuration by drilling the opposite mounting plate.
Wiring can be neatly routed through the pendant tube to the back of the detector via the cut-out provided.
